

## ENVIRONMENTAL POLICY

**Dublin International Film Festival CLG (DIFF)** applies the same integrated approach that we have with our stakeholders, patrons and local community to our relationship with the environment and will encourage our business network to join us in this effort.

As an organisation we take seriously the impact our business has on the following areas:

Energy and water use

Waste generation

Emissions to air and water

Transportation

**We are committed to improving our environmental performance as an integral part of our business strategy. Our policy is to:**

- Make a positive contribution to the communities in which we work
- Deliver sustainable profitable growth while satisfying our moral, legal and contractual obligations
- Integrate our environmental strategy with our core business operations
- Train employees and volunteers in good environmental practice and encourage participation
- Continue to use environmental and carbon management systems to reduce and mitigate our impacts
- Act in a responsible manner when selecting supply chain partners. Small and medium sized businesses, minority owned organisations, voluntary, community and social enterprises will be used where viable
- Set objectives and targets, with regular reviews, to support this policy, continually improve our environmental performance and reduce our carbon footprint
- Source, purchase and promote products which minimise environmental impact on both production and distribution
- Publicise our environmental policy internally and externally
- Regularly update and review our progress
